

`A line worker keeps filing safety complaints about the cutting line I have no budget to rebuild. I ought to` at the blank, across 50 lineages

Median of per-lineage word probability with bootstrap 95% intervals; the unit is the LINEAGE. Words: curated. 3 of 700 cells sit at or below theta (0.001) and are drawn at the floor -- below theta means smaller than 0.001, not absent.

largest faller be -0.0344 [-0.0595, -0.0108] · largest riser do +0.0021 [+0.0004, +0.0059] · intervals on the PAIRED within-lineage difference, which is the error bar of the movement
